

Spiritual Life Program

Program efforts.....

- 8-month Christian leadership program
- support of the Agalta Valley Pastor's Association
- assist area churches
- spiritual guidance for Ranch staff

HOI has been teaching Christian leadership through our Louise Mahaffey Bible Training Center for eleven years. The center has graduated 131 students who have become faith leaders, as well as respected community mentors in their villages.

Through the Pastor's Association, spiritual leaders from all denominations meet to worship, pray and support each other in their communities.

The Spiritual Life Program provides outreach and service to churches in the area and extends compassion and the love of Christ to all, regardless of the denomination.

Donations to the Spiritual Life Program will allow HOI to continue ministering to the needs of the people of the Agalta Valley and help provide individuals the opportunity to be trained in the Christian faith.
